

WALK WITH THE PACK in NYC

POLICIES AND PROCEDURES

People Against Commercial Kennels encourages shelters and rescue groups to feature their adoptable animals at the walk/event. If PACK determines that a group is not adhering to state law, the group may be told to leave the walk. People Against Commercial Kennels Committee reserves the right to relocate or dismiss any participant not in compliance with the conditions listed or meeting the core values of PACK. Listed below are a few rules we ask all participants to adhere to during the walk/event.

Current Vaccinations for Dogs are Required – All dogs must have a current rabies vaccination.

Dogs must be Under Control – Keep in mind that PACK's walk is being held on the public streets and sidewalks. It is very important to have complete control of all animals in your care. For maximum safety, PACK recommends placing a no-slip collar/leash on every dog to ensure that the dog cannot back out of his/her collar and the handler can control the dog at all times. PACK recommends using sturdy dog crates for animals not on a leash. For safety reasons, a ratio of one dogs per volunteer may not be exceeded.

No Aggressive Dogs – No vicious or aggressive dogs are permitted at this event. You will be asked and required to remove that animal from the event immediately. Anyone handling an animal that displays aggression toward other animals or people will be told to remove that animal from the event immediately. People Against Commercial Kennels reserves the right to refuse admittance to any animal displaying aggression toward other animals or people. Safety is our number one concern.

Dogs must be Cleaned up After - All fecal matter must be cleaned up. It's a stinky job must it has to be done.
